President's Message . . .

Well here we are once again on the drawing board preparing for a new season.

I don't know if it was the few words which were spoken at the A.G.M. by our General Secretary, or not, but I must congratulate those Clubs who managed to get their Club affiliations into the League Office much earlier than usual, it has certainly helped to make our job at this time of the year a bit easier, especially in the preparation of the ***Year Book***. All we want now is Clubs to do the same when it comes to the registration of players – a task which is probably the most intense and time-consuming of those that we undertake.

The League has endeavoured to keep the costs to the Clubs as stable as it can, but the external costs to Clubs has once again taken its toll, and we have lost a few Clubs of reasonably long-standing.

This point again brings to mind something I have commented on in the past, that is, if Clubs have grounds and facilities they should endeavour to get other Clubs to share with them, thereby spreading the costs and utilising the facilities to the better advantage of all – the League would ensure that there was no clash of fixtures.

As you can see from the inside cover of the ***Year Book***, we now have two new "Best and Fairest" Medals – one for Saturday Div. 1 and one for Sunday Div. 1 – namely the Rossi Medal and the Bailetti Medal. I would like to take this opportunity to thank both families for allowing the League to commemorate in this manner the involvement of Patsy Rossi and G. Bailetti in the Amateur League.

Our thanks must also go to all those who work for the League and strive to ensure that it functions effectively.

I hope that you will all endeavour to play the game in a clean and sporting manner, and that you all have a successful year.

IAN S. GOSSLAND
President SAASL

Give up cigarettes and start winning the great tournament of life.

Sports men & women avoid smoking because it effects their performance and health.

The human body cannot function properly if it is continually polluted by tobacco. It stands to reason that all of us have to be fit, just to survive the great tournament of life.

We have to perform well at work. We are responsible for our family's well-being. Just day-to-day living is a marathon "tie-breaker."

So if we smoke, our ability to perform is diminished. Smokers are susceptible to illness. They can develop heart disease, cancer and even facial wrinkles are more premature on a smoker.

So why do we smoke? For a minute or two's satisfaction, we pay a very heavy price indeed.

The choice is quite simple. Find the will to give up cigarettes. Find the will to "Quit & Win!"
